HEALTH GUARD PLATINUM INDIVIDUAL POLICY SCHEDULE

Policyholder / Proposer:	Prof. Swaminathan Venkataraman	**Policy Number:**	OG-27-1801-8401-00094182
Insured Person Name:	Prof. Swaminathan Venkataraman (61 Y)	**Relationship / Plan:**	Self / Health Guard Platinum
Current Policy Period:	18-Feb-2026 to 17-Feb-2027	**Original Inception Date:**	18-Feb-2019 (90 Continuous Months)
Base Sum Insured:	Rs. 10,00,000.00	**Accrued Cumulative Bonus:**	Rs. 5,00,000.00 (50% Max Cap)
Total Effective Sum Insured:	**Rs. 15,00,000.00**	**Portability Credits / Prior Tenure:**	48 Months (New India Assurance tenure 2019-2023 ported seamlessly)
Room Category Entitlement:	Single Private A/C Room (No Capping)	**Co-Payment / Deductible:**	NIL (0%) Co-pay across all claims

SECTION 1: STATUTORY MORATORIUM & WAITING PERIOD PROVISIONS

Section 1.1 — 60-Month Moratorium Period (IRDAI Master Circular 2024 Chapter V Para 5.3):
After completion of 60 continuous months of coverage under this policy (including uninterrupted continuity transferred through statutory health portability under Regulation 17 of IRDAI Regulations 2016), no health insurance claim shall be contestable by the Company on grounds of pre-existing condition, non-disclosure, or misrepresentation, except for established proven fraud. All waiting periods for pre-existing diseases, internal congenital conditions, or specific treatments expire irrevocably after 60 continuous months from original inception (18-Feb-2019). The 60-month moratorium was completed on 18-Feb-2024.

Section 1.2 — Room Rent Entitlement & Proportionate Deduction Bar:
Under the Platinum Plan, the insured is entitled to a Single Private A/C Room without room rent capping. In accordance with IRDAI Standardization Guidelines and GIPSA PPN Rules, when an insured is entitled to a Single Private Room without financial capping, the Insurer and TPA are strictly prohibited from applying proportionate deductions or artificial benchmark tariff caps across associated medical expenses (surgeon fees, consultation, nursing, operation theatre, and diagnostic investigations).

SECTION 2: MODERN TREATMENT METHODS & SURGICAL PROCEDURES

Section 2.1 — Modern Treatment Methods (IRDAI Circular Ref: IRDAI/HLT/REG/CIR/194/09/2019):
The policy covers 12 advanced modern treatment methods including Deep Brain Stimulation, Balloon Sinuplasty, Stereotactic Radio-Surgery, Robotic Surgeries, and Neuro-Endovascular Interventions. Under IRDAI Master Circular (2024, Chapter V, Para 5.4), sub-limits specified in the policy shall apply against the Total Effective Sum Insured (Base Sum Insured plus accrued Cumulative Bonus). Where modern treatment methods are performed as medically necessary inpatient procedures for life-threatening acute cerebrovascular crises, insurers shall not enforce elective day-care sub-limits to deny essential surgical components.

Section 2.2 — Cumulative Bonus Enhancement:
Cumulative Bonus accrued at 10% per claim-free year enhances the Total Sum Insured up to a maximum of 50%. The accrued Cumulative Bonus of Rs. 5,00,000.00 is an irrevocable enhancement of coverage and must be exhausted in addition to the base sum insured.

BAJAJ ALLIANZ GENERAL INSURANCE — POLICY CLAUSES (PAGE 2)

Policy No: OG-27-1801-8401-00094182 | Insured: Prof. Swaminathan Venkataraman

SECTION 3: SPECIFIC EXCLUSIONS & TECHNICAL PROVISIONS

Clause 4.1 — Pre-Existing Disease (PED) Exclusion:
Expenses related to the treatment of a pre-existing disease (PED) and its direct complications shall be excluded until the expiry of 36 months of continuous coverage after the date of inception. Upon completion of continuous coverage (subject to Section 1.1 moratorium), pre-existing conditions become fully payable.

Clause 4.2 — Congenital Anomalies Clause:
Congenital external anomalies are excluded. Congenital internal anomalies that manifest symptomatically for the first time in adult life requiring emergency life-saving neurovascular or cardiovascular surgery shall be indemnified as acute illnesses, and are fully protected under Section 1.1 statutory moratorium provisions.

Clause 4.3 — Co-Surgeon & Multiple Specialist Operating Rules:
Where complex surgical interventions necessitate simultaneous dual-specialty intervention (e.g. combined open neurosurgery for EVD insertion and endovascular microvascular coiling by an interventionist), co-surgeon fees are recognized and payable subject to recognized clinical board protocols.

Clause 4.12 — Modern Treatment Sub-Limit (Technical Schedule):
Neuro-Endovascular Interventions and Stenting: Sub-limited to 50% of Sum Insured. Sub-limits apply to the Total Sum Insured (Base + CB).

Clause 6.1 — Non-Payable Items & Consumables Schedule:
Expenses excluded under Annexure A List I of IRDAI Standardization Guidelines are non-payable. However, specialized implant delivery catheters, vascular closure devices, and intra-operative flowable hemostatic matrices used during inpatient neurosurgery are recognized as statutorily payable under Annexure A (List III) procedural items.

IMPORTANT STATUTORY NOTICE UNDER IRDAI (PROTECTION OF POLICYHOLDERS' INTERESTS) REGULATIONS:
This policy is subject to the provisions of Insurance Regulatory and Development Authority of India (IRDAI) Act, 1999. In accordance with Chapter V of Master Circular on Health Insurance Business (29-May-2024), the insurer is bound by statutory moratorium after 60 continuous months, and cannot repudiate adult emergency manifestations of internal defects.
