Room Entitlement & Capping:	**Single Private A/C Room (No Sub-limit / No Capping)**	**ICU / HDU Entitlement:**	Actuals / No Capping or Restrictions

SECTION 1 - INPATIENT HOSPITALIZATION BENEFITS

Clause 1.1 - Room, Boarding and Nursing Charges: The Company will cover room boarding and nursing expenses up to **Single Private A/C Room category with NO CAPPING or monetary ceiling**. If the insured person is admitted to a room category equal to or lower than Single Private Room, no proportionate deduction shall apply. Proportionate deduction on Associated Medical Expenses shall be triggered ONLY if the insured voluntarily occupies a suite or room higher than Single Private Room, strictly limited to proportional differential room rent in non-PPN hospitals, as mandated under IRDAI Master Circular 2024 Chapter V Para 5.4.

Clause 1.2 - Intensive Care Unit (ICU / HDU) Expenses: Expenses incurred for Intensive Care Unit (ICU), Surgical Intensive Care Unit (SICU), or High Dependency Unit (HDU) admissions shall be covered at **ACTUALS** without any monetary sub-limit. ICU bed charges, monitoring equipment, and critical care intensivist consultations shall NEVER be linked to or impacted by room rent ratios.

Clause 1.3 - Surgical Implants & Internal Fixation Devices: Medical and surgical implants including bio-absorbable composite mesh, helical titanium anchors, vascular stapler cartridges, and internal fixation devices permanently deployed within the human body during operative surgery are 100% admissible under Inpatient Hospitalization (Section 1).

SECTION 2 - ADVANCED PROCEDURAL & ENERGY DEVICES

Clause 2.1 - Specialized Surgical Energy Devices: High-frequency electrosurgical cutting shears, ultrasonic dissection units (including Sonicision, Harmonic ACE, LigaSure, and Thunderbeat), and laparoscopic energy handpieces utilized during major open or minimally invasive surgical procedures are procedural surgical instruments categorized under IRDAI Annexure A List III and shall be admitted in full as medically necessary procedural expenses.

TATA AIG GENERAL INSURANCE COMPANY LIMITED

TATA AIG MEDICARE PREMIER - POLICY TERMS & STATUTORY CONDITIONS (PAGE 2 OF 2)

SECTION 3 - PORTABILITY CONTINUITY & WAITING PERIOD PROVISIONS

Clause 3.1 - Portability & Continuity Benefit (IRDAI Health Regulations 2016, Regulation 15): When an insured person migrates or ports from another registered insurer, all continuous coverage years accrued with the previous insurer shall be **credited in full** against initial waiting periods, specific illness waiting periods, and pre-existing disease waiting periods on the previous sum insured plus accrued cumulative bonus. For Dr. Arisudan Sengupta, 48 continuous months ported from National Insurance combined with 47 continuous months with Tata AIG yields **95 months of uninterrupted continuous coverage**.

Clause 3.2 - Waiting Period on Enhanced Sum Insured & Exhaustion Sequence: In the event of sum insured enhancement, specific illness waiting periods shall apply strictly to the incremental enhanced portion (Rs. 5,00,000.00). Claims shall be adjudicated in priority against the **original ported base sum insured (Rs. 5,00,000.00) and accrued cumulative bonus (Rs. 5,00,000.00)**, which have fully completed all statutory waiting periods. The enhanced portion shall be tapped only after exhaustion of the protected base slab.

SECTION 4 - STATUTORY 60-MONTH MORATORIUM PERIOD (IRDAI MANDATE)

Clause 4.1 - Moratorium Period (IRDAI Master Circular 2024 Chapter V Para 5.3): After completion of **sixty (60) continuous months** of coverage with any registered Indian insurer(s), no policy or claim shall be contestable on grounds of non-disclosure, misrepresentation, or pre-existing conditions, except in established cases of proven criminal fraud. Inasmuch as Dr. Arisudan Sengupta has maintained continuous coverage since 12-May-2018 (95 elapsed months), **the statutory moratorium period was irrevocably completed on 12-May-2023**. Any repudiation or disallowance grounded in pre-existing conditions or alleged non-disclosure is void ab initio.

SECTION 5 - CAUSALITY FIREWALL & PRE-EXISTING DISEASE EXCLUSIONS

Clause 5.1 - Clinical Causality & Medical Nexus Requirement: Exclusion 01 (Pre-Existing Diseases) requires an established, pathophysiological etiology between the declared or historical illness and the acute hospitalization. Acute infectious, surgical, or necrotizing emergencies (such as acute necrotizing mediastinitis or strangulated incisional hernia) cannot be repudiated under Exclusion 01 by arbitrarily cross-mapping them to unrelated benign upper airway conditions (such as allergic rhinitis or seasonal cough).

SECTION 6 - CUMULATIVE BONUS PRESERVATION & RENEWAL RULES

Clause 6.1 - Cumulative Bonus Protection: Accrued Cumulative Bonus of Rs. 5,00,000.00 represents a vested financial right. Under Regulation 13 of IRDAI (Health Insurance) Regulations, 2016, renewal premiums remitted within the 30-day statutory grace period preserve 100% of accrued cumulative bonus without forfeiture or erasure.

STATUTORY REGULATORY VERIFICATION: This policy contract complies strictly with IRDAI Master Circular on Health Insurance Business (29 May 2024), Insurance Regulatory and Development Authority of India (Health Insurance) Regulations 2016, and Mental Healthcare Act 2017. Any policy term contrary to statutory circulars is null and void under Section 45 & Section 14.
